

ShoreTel Connect ONSITE Product Plans

SHORETEL FLEXIBILITY MAKES ORDERING ONSITE PRODUCTS EASY

ShoreTel Connect ONSITE product plans offer a variety of unified communications tools and options—choose the right combination for your business needs

Convenient and Cost-Effective

Every business has unique communications needs. ShoreTel Connect ONSITE phone system and UC features are packaged in three different product plans, so you can purchase exactly the mix of features that your company requires. ShoreTel gives you the flexibility to mix and match profiles allowing you to easily adapt to changing business demands as they arise.

Essentials includes all business telephony call handling features plus key UC features like instant messaging, presence, video calling, conferencing, web sharing and online meetings.

Standard offers additional features for supervisors, managers, and sales and service teams including expanded conferencing capacity, voicemail-to-text transcription, integration with

CRMs such as Salesforce, and full UC capability on mobile devices.

Advanced adds operator features for advanced call handling capability, making it easy for supervisors to monitor calls and contact status with hover and drag-and-drop functionality.

ShoreTel ONSITE system administrators can assign plan licenses to users as needed in ShoreTel Connect Director, the browser-based system management software. And as your organization grows, you can easily add additional plan licenses that align with employee needs and roles.

Doing business with ShoreTel has always been easy. With ShoreTel Connect ONSITE product plans, we've made it even more brilliantly simple.

BENEFITS

- Mix and match profiles, buying just the services you need
- Change feature levels to adapt to business demand as they arise
- All plans include all business telephony features
- All service levels integrate with a la carte applications like ShoreTel Connect ONSITE Contact Center
